

THE WORLD OVER

CHALLENGE CULBERTSONS

THREE TO DIE FOR LOOTING OF
FOOD SUPPLIES

URGES SCRAPPING OF \$27,500,000
IN RAIL EQUIPMENT

NEW YORK—The Four Aces bridge team hurled a new challenge at the Ely Culbertsons and boosted the side bet to \$25,000 promising to donate half of the purse, if they win, to the Hearst OMK Fund. The Aces are Michael T. Gottlieb, Oswald Jacoby, David S. Burnstine and Howard Schenker.

Routon On The Don, U. S. R. R.—Three officials were sentenced to death and 17 to one to prison for the systematic looting of supplies of the supplies of the Routon food prod. is combined.

All were convicted of having had a hand in the appropriation of flour and other food supplies which were sold privately through speculators.

MONTREAL—President S. J. Hungerford of the Canadian National Railways has recommended to the board of trustees that rolling stock now obsolete and having a book value of \$27,500,000 be scrapped. The Gazette stated Sunday in a dispatch from its Ottawa parliamentary correspondent.

A considerable number of units of rolling stock comprising 220 locomotives, ledger value \$1,725,025; freight cars, 11,984; 11,443,415; passenger cars, 970; \$3,575,918; work equipment, 4,440 units, \$4,324,666, would never again be required for service, either because there was no demand for that particular type of equipment, on account of interchange limitations, or because it would be more economical to purchase modern units rather than attempt to repair and partially modernize them. The Gazette quotes Mr. Hungerford as replying to Hon. C. P. Fullerton, K.C., chairman of the trustees.

Mr. Hungerford also states, according to the newspaper, that as a result of highway competition many thin traffic branch lines should be abandoned. Other lines which are functionally duplicated between the Canadian National and the Canadian Pacific should also be abandoned.

ARBOR DAY

EDMONTON—Arbor Day has been fixed for May 15th according to an order-in-council passed by the Provincial Government.

After enjoying wonderful weather all the latter half of last week, Old Man Winter decided to show us that he still had some pep left, for on Saturday morning, a cold blizzard arose accompanied by about six inches of snow, with the temperature hovering around the zero mark all day.

NEXT FRIDAY IS GOOD FRIDAY

Tomorrow is Good Friday and a Public Holiday. All places of business will be closed.

EASTER SUNDAY IS LATER THIS YEAR

Easter Sunday this year falls on the latest date on which it has occurred in at least the past 13 years, and it is possible the latest over a period of many years. Falling in April 21st, the Easter parade of spring gardeners will come a full month after spring is officially here. Easter can never fall later than around 15 days after the spring equinox, this year, only a few days separate Easter from the latest date on which it can come under any circumstances. Easter Sunday is the first Sunday after the first full moon with follows the spring equinox. Records available show that in 1930, Easter was on April 20th. Before that, as far back as 1922, the Easter week end came much earlier in the year.

Small Crowd Attends Tennis Club Dance

The Carbon Lawn Tennis Club held their dance last Friday evening, but unfortunately due to the poor condition of the roads a very small crowd was in attendance.

The orchestra, the Duxies and His Plaza Six-Piece Band, of Calgary met with difficulties on the road and did not arrive until about 11 o'clock. Many dancers believing that the orchestra would not get through went home. However, they were surprised by those staying report having a most enjoyable time.

The picture show "The Last Gentleman," held last Thursday and starring George Arliss was one of the finest ever shown in Carbon. The picture for tonight, "Treasure Island," taken from the immortal story by Stevenson and starring such players as Wallace Beery, Lionel Barrymore and Jackie Cooper promises to be one that will live long in the memory of those who see it. Also, don't forget that \$15 will be given away free to the holder of the lucky ticket in the Banker's Night Draw.

The youth of the village have been busy in the making necessary repairs to the baseball diamond and by all accounts have made a pretty good job of it.

Aberhart Denies Having Authority to Nominate

ALBERTA CROP REPORT

With practically all of the rural sections of the province still blanketed with snow of varying depth, Alberta is experiencing one of the latest spring seasons in its history. Work of any kind on the land will be delayed for another ten days at least, while seeding operations can scarcely be commenced much before May 1st, from two to three weeks later than in 1934.

The late spring conditions are causing anxiety in agricultural circles, however. In fact, conditions at present are the most promising in some years, not only by reason of the well-known moisture the recent heavy falls of snow will provide for the same dry soil, but also because a late start on the and in the southern areas, with good moisture conditions, means much less danger of serious soil drying, from which these areas suffered so extensively last year. The late hatching of grasshoppers is also a welcome factor in reducing the hopper menace.

Agricultural conditions, generally speaking, are much improved over the past few years. There is a greater feeling of optimism and confidence among the farmers due to the promising spring outlook, and to the increasingly better prices for products, and improved market conditions generally.

Though the winter has been a long one, it has not been particularly hard upon live stock, except sections which have been, and still are suffering from short feed, in which areas there is a considerable number of cattle in poor condition. The continually satisfactory market for hogs, coupled with the den strong revival of the American market for good beef cattle has put new heart into the live stock interests of the province, and hogs are held out that the revived meat for cattle will develop into a more permanent condition. Since the beginning of the winter nearly 10,000 head of prize Alberta beef have found their way to the United States markets at good prices, and shipments are going forward continually, while shipments to the British market, which for the past few years has been the only outlet available, have fallen off entirely during the past two months.

There is no indication of any intention to reduce the seed acreage in any of the grains this year. It is possible that in view of the promising conditions, there may be some slight increase in the total.

The districts designated as dry areas in the south-eastern portion of the province are covered heavily with snow, and moisture conditions there are likely to be improved.

High wind in the latter part of March caused soil drifting to a certain extent in some of the southern districts prior to the recent heavy snowfalls. Arrangements for provision of seed grain and feed relief where needed are under way. Full arrangements for the grasshopper poisoning campaign have been made, but this menace is lessened to some degree this year, both as to area and intensity of infestation.

The system of the district Agriculture will be carried out in the spring by the provincial department, whereby the number of those will be considerably increased.

Social Credit Platform

If a Social Credit government is elected in the next provincial election it will be called upon, by the terms of the platform, to: Establish the principle of the basic dividend; halt borrowing from outside sources, and create credit within the province.

Establish a "Just price" on all goods and services; regulate the price spread; see that producers shall not be required to sell goods for less than cost, and the consumer shall not be exploited.

Amend the Alberta Debt Adjustment act to prevent heavy foreclosures on all classes of delinquent, urban and rural. Grant production loans, authorized by an authority—a board or commission—to be appointed by the government. Develop agricultural markets; provide for lower and more equitable freight

Denial was again made by William Aberhart, social credit leader, in his Sunday afternoon broadcast that he himself had any authority to nominate candidates in the provincial election. There were still some people, he said, who did not understand the method of selecting social credit candidates—people, he declared, "the results of everything they read in the newspapers."

"I have not the authority," the speaker reiterated, "nor did I ask for any, to appoint your candidates. Not set that right. You choose three or four names and your constituency delegates advise the advisory council, they tell us all about them and one of them is chosen. The delegates," he said, "will come in and talk with us behind closed doors, and we will decide one of the three or four. It will stop all of this wrangling."

Miss Margaret Chalmers Will Give a Recital

Have you heard it?—the dramatic recital of Mrs. Wiggins of the Calabogie Patch, a story full of humor and good long story philosophy. Then be sure to hear Miss Margaret Chalmers, of Calgary, a pupil of Miss Theresa M. Sigal, who will present it at the Paramount Exchange Hall on Saturday, April 27 at 8 p.m.

The story, "Mrs. Wiggins of the Calabogie Patch," is a sequel to "Lacy Mary" presented last year in Carbon by Miss Chalmers.

The program by Miss Chalmers is being sponsored by the Senior C. G. I. T. and will be interspersed with musical selections.

ALBERTA IS LEADING DOMINION IN CANCELLER FUND CONTRIBUTION

Alberta is leading the Dominion in its response to the Silver Jubilee Cancer Fund.

This gratifying announcement was made last week by His Excellency, the Earl of Beesborough, when he visited Calgary on his first tour, in discussing the campaign, while en route to his Majesty's residence to the throne.

His Excellency was particularly pleased with the small gifts already coming in from Alberta school children, and had just received a list of donations from Ottawa. That Billy—had sent five cents did not escape him, thanks.

"I am most anxious that everyone will contribute a little rather than a few should donate large sums," His Excellency said when the campaign is over the complete list of donors will be sent to His Majesty, King George V, this being Canada's only national gesture towards the Silver Jubilee celebration.

The money obtained from the Silver Jubilee Cancer Fund will be used to prevent and control cancer in Canada.

Send your contribution to Lady Beesborough today. She will acknowledge it by means of a card bearing the photographs of their Majesties, the King and Queen. Without money little can be accomplished. Silver bullets are needed in this war. Help save mothers and fathers. They are the victims.

rates, and form a definite policy for the smooth runs of Alberta.

Reorganize all government departments on a business basis; reorganization of the Alberta Government Telephone system; introduce a system of multiple constitutions; make a substantial reduction in the number of legislative members. Provide for revision of taxation; provide state health attention; encourage the establishment of essential industries in the province; limit competition for all workers under the competition act, and protection of its health and safety of the men.

The platform also provides that "every Social Credit candidate must agree to submit to the voters right of recall" if it fails to carry out his elected pledges.

—Hanna Hersold

PUPILS' MUSICAL EVENT

Mrs. George Wilson, L.T.C.M. will present her piano-forte students in a musical evening in Carbon on Saturday evening, April 20th at 8:30 o'clock under the auspices of the Carbon Ladies' Aid.

Assisting on the programme will be Miss Margaret Chalmers, a clever young reader of Calgary.

An interesting feature of the evening will be the presentation of certificates by Mrs. E. J. Anderson, Calgary, representative of the Toronto Conservatory of Music.

Admission—adults, 25c; children under twelve, 10c.

T. H. Ritchie Is Elected Pres. By Teachers

A meeting of School Teachers was held by Inspector Frame on Friday for the purpose of discussing the difficulties of the teachers. Due to very bad road conditions, very few teachers were in attendance.

An organization is being started for the purpose of arranging meetings that teachers might gather together and the following officers were elected:

Hon. Pres.—Mr. Frame.

Vice-Pres.—T. H. Ritchie.

Sec.—Miss A. Reed.

Rep.—Miss E. Halstead.

Another meeting will be held in May to discuss the possibility of holding a Shorty's Day.

At 4:30 a most delicious dinner was served by some of the ladies of the Carbon Ladies' Aid at the home of Mrs. J. Ramsay.

ABERHART WILL NOT DRAFT PLAN

EDMONTON—William Aberhart, of Calgary, social credit leader, has definitely declined the invitation to submit a comprehensive plan to the present session of the Alberta Legislature.

A letter which Premier Reid has just received from Mr. Aberhart expresses regret that under the circumstances, the invitation cannot be accepted. Mr. Aberhart says the matter has been taken out of his hands by the social credit conventions which have stressed the importance of his educational work.

TOWN & COUNTRY

Personalographs

Mrs. R. J. Fairbairn of Calgary is
a Carbon visitor this week.

J. P. Ferguson is holding an auction
sale of live-stock and farm machinery
on his farm 3 miles north of Carbon
on Saturday, April 20. The sale will
start at 1:30 p.m. and will be handled
by R. N. Wright.

Miss Etta Fairfield returned to her
home in Calgary on Sunday.

The Union Power truck from Three
Hills was towed in on Friday by R.J.
Fairfax's wrecker.

Miss L. Riley returned Friday after
spending a couple of weeks in Ontario.

Mrs. Elliott was a Calgary visitor last
week.

Gordon Chalmers spent last week at
the home of Rev. and Mrs. Wm. Mc-
Nichol.

Mrs. H. C. Wilson left Saturday on a
trip to the Pacific coast.

Dick Glibahl has been stiving the
streets some much-needed resurfacing.

J. M. Vankine, representative of the
Wayman Mutual Insurance Company, was
a business visitor in Carbon on
Wednesday.

Snicklefritz ----

"You'll never get that dog to obey
you."

"It only needs patience. My husband
was difficult at first."

Landlady—"It looks like rain."

New Lodger—"Yes, and smells of
chicory."

"Did you scribble on the fence,
Tommy?"

"Me?" said Tommy contemptuously.

"Do you think I'd climb on a fence
when I've got a p-knife?"

Mrs. Kelly—"How is your boy get-
ting on?"

Mrs. Kelly—"Oh, he's very quick.
The teacher says when he leaves
school and goes on the slide he'll be
at the head of the queue."

"What are you children playing?"
asked Mother one day.

"We're playing church," replied
Jackie.

"How nice," said mother; "but wor-
shippers shouldn't whisper in church."

"We know that, Mother," said
Jackie, "but we're the choir."

Kind Lady—"Why are you crying,
little boy?"

"I've lost ten cents."

Kind Lady—"When did you lose
it?"

Boy—"This afternoon, and mother
has sent me out again to look for it.
She says if I can't find it five cents
would do."

Mrs. W. Poxon spent a few days in
the city last week.

Mr. and Mrs. Jack Manley and
family left last week for Penam,
Sask., where Jack has a job on the
section.

CANADA NOW IMPORTS FLAX

Ten years ago, Canada supplied
nearly 40 per cent of all flax imported
into the United States, the remaining
60 per cent being supplied by Argen-
tina and Uruguay. Last year, Canada
not only dropped out of the export
picture entirely but actually purchased
from Argentina and India, nearly one
million dollars worth of flax, not in-
cluding over six hundred thousand dol-
lars worth of Argentine linseed oil,
crushed in Holland. Not since 1911 has
Canada raised enough flax for her own
needs and it is likely that 1935 will
see even larger imports of this impor-
tant grain than was the case last year.

A survey of the situation in Western
Canada indicates that dissatisfaction
with flax yields is the main reason for
the rapidly decreasing acreage seeded
each year. Intensive work on the part
of research workers at the various ex-
perimental farms has resulted in the
development of seed varieties and new
methods of culture which are claimed
to overcome this difficulty. An exten-
sive educational campaign is now
being conducted by the extensive de-
partments of all western universities
and governments in the hope of show-
ing the way to better flax yields and
larger crops.

Why Wonder—Why Alex Poxon went
home so early Sunday evening.

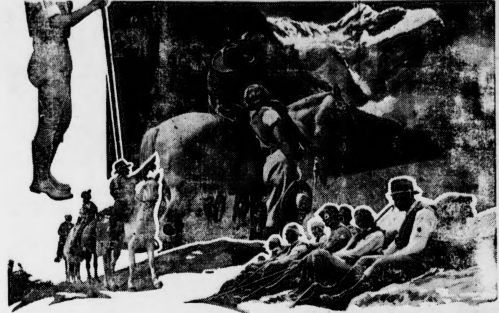

If it is true that the girl friend is in-
terested in someone else, and if so—
what?

Why Lawrence Poxon is pushing the
affair if he wants to win that lot?

sibility, whatsoever.

RIDE AND HIKE in ROCKIES

New territory in the Canadian
Rockies will be opened this
year by the Sky-Line Trail Riders
and Trail Riders of the Cana-
dian Rockies, two societies whose
members come from all over the
world to enjoy their splendid
recreation. On foot and on
horseback, they set out from the
Canadian Pacific Banff Springs
Hotel to conquer the mountains
—not just to climb them, but to
capture their beauty with cam-
eras, to erect friendly, cheerful
camps on their heights, and to
carry away from their wooded
slopes health and pleasant rec-
ollections. The official Sky-Line
Trail Hike, from the second of
August to the fifth, will follow
part of the trail taken through
the Rockies in 1911 by Sir George
Simpson, governor of the Hud-
son's Bay Company.

It is planned to motor from
Banff Springs Hotel to the game
warden's cabin on Italy Creek
on August 2, hiking to the Cana-
dian Pacific cabin, the Sunshine
Camp, the first day. In the sec-
ond day Simpson Pass will be
crossed and the second camp
made at one of the Bay's Lakes,
near Mummy and Scarab Lake.
The third night will be spent at
Shadow Lake and the final Pow-
wow will be at Castle Mountain.
From the Banff-Windermere
road, after which horses will be
available for those who wish to
go to Banff. The whole distance
will be about 38 miles.
The official five-day trip of the
Trail Riders is from July 25 to 30
and this year takes in the Red
Deer River, former famous hunt-
ing ground but now included in the

Banff National Park, which
limits all hunting to camera.
The trout fishing is excellent
and ample time will be set
aside for fishermen, while the
others in the party will take
pleasant side trips. The party
will motor about 11 miles from
Banff to the crossing of the Cana-
dian Pacific, where horses will be wait-
ing. The first camp, used for
two nights, will be somewhere
near Windy Camp. They then
ride over Snow Creek Pass to
Scott's Cabin on the Red Deer
and turn west to the second
camp. The trail will follow the
Red Deer to its source, and turn
south to Lake and Placem-
ian Lake to a camp in the
Platypus Valley. The fifth day's
ride is to the Sun Dance Lodge
near Lake Louise Station, for the
hot ground but now included in the
